

ASSET TRACKERS – GPT49

SUPPORTS 2G/3G/4G | EASY INSTALL | SAFEGUARD YOUR ASSETS | REALISTIC PRICES | NATION WIDE DELIVERY

FEATURES

- Monitor your Vehicles, Portable Toilets, Skip Bins and other assets via satellite positioning system
- Communicate positioning of asset via internet
- Monitor your asset on a Desk top or Mobile device
- Accuracy Positioning in normal mode and base Station location in case of low signal / Emergency mode
- Smart and Easy to conceal
- Built-in 6500mAh zero self-discharge lithium Manganese disposable battery
- Built in Alarm in case device is removed or tampered
- Start Emergency mode, device will start real-time tracking and uploaded data through 2G/3G/4G regularly
- 3 Years battery Life in long standby mode – device wakes up once a day to relay position info
- Working Temperature from -20 deg C to 65 deg C

TECHINICAL SPECS

Basic Specifications

Voltage	3.0 VDC
Working Current	GPRS data(500mA); LTE/WCDMA data (700mA)
Sleep Current	15uA
GNSS Accuracy	5-15m
GSM Band	B2/ B3/ B5/ B8
WCDMA Band	B1/ B2/ B5/ B8
LTE Band	LTE FDD: B1/B2/B3/B4/B5/B8/B28 LTE TDD: B40
Hot/warm/cold Start	<3s, <15s, <60s
Battery Capacity	6500mAh
Dimensions (mm)	120(L)X 69(W) X 19.5(H)
Working Temperature	Arrange -20°C~65°C
Work Humidity	20%~80%RH
Net Weight	166g
